1427 Kensington Square Court
Murfreesboro, TN 37130
www.wiserco.com
Wiser is a technology services firm offering geospatial and intelligence solutions, information solutions, and civil solution services. Technology is essential to everything we do, and we serve our clients by combining technology and expertise to develop innovative solutions that deliver quality results and aid in critical decision-making.
Membership Level: Sustaining Partner

World Wide Technology Inc.

701 Fee Fee Rd.
Maryland Heights, MO 63043
www.wwt.com
World Wide Technology, Inc. (WWT) is an award-winning Systems Integrator that provides innovative technology products, services and supply chain solutions to customers and suppliers around the globe. WWT brings an innovative and proven approach to how organizations evaluate, architect and implement technology.
Membership Level: Sustaining Partner

Voyager Search

111 E State St., Suite 204
Redlands, CA 92373
www.voyagersearch.com
Voyager Search enables enterprises and government agencies to catalog any data and find it within a single search interface. The company can index 1,800+ different formats – map data, imagery, PDFs, databases, Excel files, Word documents, videos – and seamlessly access those files from the cloud, databases, content management systems, or a server.
POC: Brian Goldin, CEO
909-730-6698, brian@voyagersearch.com
Membership Level: Small Business Partner

Westway Development Services LLC

23950 Craftsman Road
Calabasas, CA 91302
www.westwaydevelopmentservices.com
Westway Development Services (WDS) promotes acquisition competition within the security market by providing rapid access to turn-key accredited secure facilities and communication infrastructures with all-inclusive security, IT, and facilities support services and building amenities to support start government programs, small businesses and established firms.
POC: Daniel Kressley, Director of Operations, 703-624-6923
dkressley@westwaydevelopment.com
Membership Level: Sustaining Partner

Woolpert

4454 Idea Center Blvd.
Dayton, OH 45430
www.woolpert.com
Woolpert is a leader in the collection, processing, exploitation, dissemination, and storage of geospatial data to advance situational awareness. Our capabilities include airborne/terrestrial collection of LiDAR/EO/IR data, creation of GEOINT products, data analysis, research & development, system integration/engineering and UAS data collection and processing. We offer comprehensive end-to-end GEOINT solutions.
POC: Tim Hale, Project Manager
937-531-1668, tim.hale@woolpert.com
Membership Level: Associate Partner

Zodiac Data Systems - Zodiac Aerospace

Business Unit: Space & Communications
11800 Amber Park Dr., Suite 140
Alpharetta, GA 30009
www.zodiacaerospace.com/en/products-services/aircraft-systems/data-systems
Zodiac Data Systems a high technology company that designs, manufactures and supplies a broad range of products and solutions for airborne & ground telemetry, mission video and flight test recorders, satellite command control, data collection from observation satellites and, products and solutions for satellite communications QoS monitoring.
POC: Michele Switalski, Business Development Manager, 1-470-365-8466
michele.switalski@zdsus.com
